About MESCAS

MES M.K Mackar Pillay college for advanced studies Edathala is driven by a clear vision of becoming a premier centre of academic excellence, with a particular emphasis on postgraduate studies and research. We believe that advanced studies and research are crucial in expanding the boundaries of knowledge and fostering innovation. By providing state-of-the-art facilities and a conducive environment for research, we encourage our students to pursue their intellectual passions and contribute to the advancement of their respective field. While academic excellence is at the core of our mission, we also understand the importance of instilling values and nurturing responsible citizenship among our students. Our college places a strong emphasis on moral values, character development, and a deep sense of concern for others. We believe in creating well-rounded individuals who not only excel academically but also possess empathy and integrity.

Department of Biosciences

The Department of Biosciences offers one UG and two PG Programmes with the best facilities for the complete understanding of the syllabus. The department is active in moulding the students to fit in current research areas. The charismatic features of the department are well equipped advanced laboratories, tissue culture lab, molecular equipment, student projects, sponsored workshops and seminars, yearly exhibitions and much more. Over the years the students of the Biosciences Department have been placed in many industries, hospitals and even research centres throughout the country and also come out with NET, JRF qualifications.

Call for Papers

“CURRENT RESEARCH TRENDS IN LIFE SCIENCES”
